

(a1) convex freeform (reference)

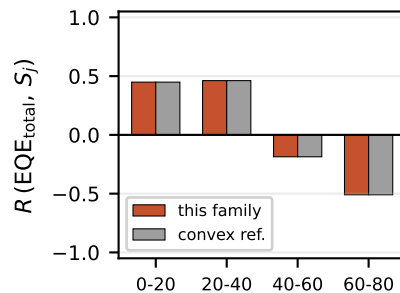

$R^2 = 0.939$, $n = 213$

(a2) composition

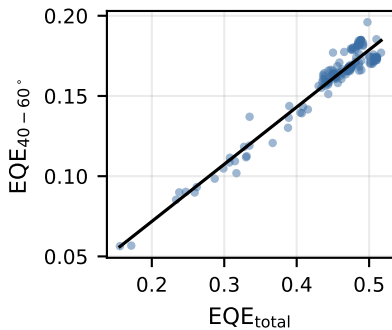

(a3) drift

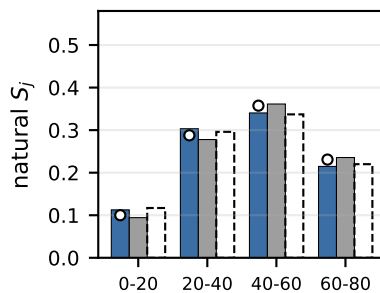

(b1) inverted (concave)

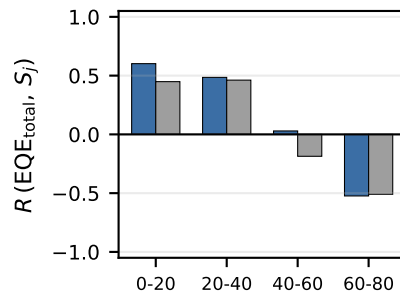

$R^2 = 0.938$, $n = 163$

(b2) composition

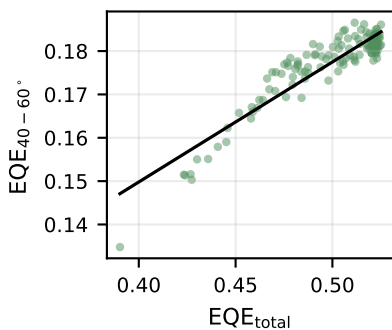

(b3) drift

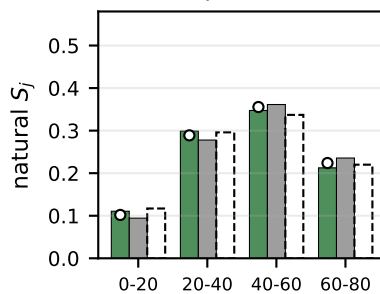

(c1) randomly assembled

$R^2 = 0.844$, $n = 130$

(c2) composition

(c3) drift
